Saturday's Game.

SAGINAW, Mich., Sept. 5.—Saginaw gave the poorest exhibition of base ball seen on the local grounds this season and lost a game that should have been a tie. The infield went to pieces in the fourth and Derrick went into the air. Four runs were scored without a hit, and in the fifth four more came in, after the side should have been retired. Derrick lost his nerve completely and gare six bases on balls, besides hitting a batter and making a patches hitting a batter and making a patches balk. Campbell kept Saginaw's eight hits scattered so that only one run was scoredon home run drive by McKinney, a new man from the University of Michigan, who made the best showing of any Saginaw player. After the fifth inning Miller was put in to pitch and he did better, only allowing one run. Gallagher made a great cunning eatth, robbing Ganzel of a three-bagger, and Ganzel knocked down a terrific drive from Violet's bat and beat the runner to dist. In the fourth Robinson ran out of line near home to get hit by a thrown side should have been retired. Derrick

AMUSEMENTS.

"The Lost Days of Pompell" arrived from Pittsburgh yesterday morning and the immense amount of paraphenalia was taken to Schmul-

rived from Pittsburgh yesterday morning and the linimense amount of paraphenalla was taken to Schmulbach's race track at the head, of the Island. The large force of men were busy all day getting things in shape for the big show, which is to be given to-night and for the next four nights.

Throughout the day thousands of people flocked to the grounds and watched the eroction of the heavy timbers that support the massive scenery, and in the afternoon when the workmen began to put up the scenery, and get the lake in shape, several hundred spectators were present.

The production is an immense one and no doubt the finest exhibition evergiven in Wheeling will be seen during its stay bere. A dozen electric light men were bushly engaged all day hanging and trimming are lights and when they are turned on the place is as light as day. There are twenty-six lights arranged in rows along each side of the lot. The seats will be arranged in front and on the ends of the exhibition around which canvass will be stretched. It will be a great show and no doubt will be seen by thousands of people during its four days' stay.

In speaking of it the Pittsburgh Times says.

The spectacle represents a street in Pompeil, with the slope of Vesuvius studded with olive groves and white marbles villas, just showing the roofs. In front of the temple of Isls there is a large lake and all the triumphal processions are mirrored in its still waters in a fashion that was never seen in a circus spectacle before. The marches of the soldlers and priests with their armor and robes, makes a series of beautiful tablenx. Besides these pictures there are acrobatic performances of the finest athict features of the performance, in the large hippodrome, around the lake, are races of all kinds. The story of Lydia, the blind girl, as told in Lytton's great novel, is sketchily portrayed in the pantonime of the play. The final destruction of the city in a whirlwind of dame and smoke, and the collapse of the temples and places is something that only a fire works

To-night the greatest and best specialty company ever brought to Wheeling will open a week's engagement at the Grand Opera House and the house should be packed to the doors. It is the Waldman specialty company, which made so great a hit during the summer at Proctor's theatre New York, from whence it comes direct to Wheeling. metropolis are a unit in declaring it the most complete organization ever appearing in that city, and the long run and the crowded houses it drew, certainly prove the truth of the assertion. The company contains only the finest acts obtainable and includes the great Olifans, the three legged and three-headed nondescripts, whose act made all New York and London laugh; Mile Carlini's troupe of educated dogs, cats and monkeys; Jerome and Alixes, the celebrated "frog and lizzard;" Welch and Weich, the Irish monologue comedians; Tony Fernandez, the musical and Weich, the Irish monologue com-cidians; Tony Fernandez, the musical wonder; Lilly May, well known vocal-lst; Tim Healy, the champion flat-footed buck and wing dancer; and many others. As will be seen it is a great show and should pack the house at every performance. Seats are now on sale at the box office.

Upon invitation of Professor E. M. Day, the hypnotist, who is to appear all this week at the Opera house, a goodly sized crowd of the newspaper fraternity and their friends, assembled in the parlers of the McLure House yesterday afternoon to witness a private exhibition of his powers, and the entertainment thus afforded was of the most interesting nature. The professor first took the subject that travels with him and demonstrated that he could do anything he desired with him. He put him to sleep and then suggested to him that he was rigid, then the professor took him, placed him at full length with his neck resting on one chair and his feet on another, while thus suspended one of the largest gentlemen in the room sat on his stomach. Again he put the subject to sleep and ran a ladies hat pin through his wrist, then awoke him and extracted the pin, which left no mark or sign of where it had been inserted into the skin. The professor then tried a number of the newspaper gang with great success and wound up the exhibition by putting Sheriff Franzhein under the influence.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs. promptly remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its heneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to vote when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any netual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely wed and gives most general satisfaction.

There is less of the loud claims by the silverites in this section now than a little while ago. They became so ridiculously silly that even silver men became asshamed of the parade of old-time Democrats whose names were used as converts from the Republican ranks. The latest was W. H. Rose, of Mead township, who has been a Democrat all his life; was elected constable on the Democratic ticket years ago and was on that ticket in the Wesce precinct two years ago for assession. The few former Republicans who were carried off their feet by the shouting, are lonely enough now, for even Democrats look upon them with suspicion.

Hon, C. L. Weems will address the Republicans of Pultney Bottom next Friday evening and Mr. Weems is loaded to the muzzle this year and is doing great work. In fact all the Republicans in this section are doing greater work than ever before. The earnest truths as presented by Congressman Danford are echoed and re-echoed in all parts of Eastern Ohio. The Cadiz Republican says of his speeches in that county:

Republican says of his speeches in that county:

"Captain Danford has spoken in Harrison county many times in former years, but he never spike with greater influence, or made more friends among our péople, than he did during his stay with us last week. No Republican speaker, not even Sherman, or Foraker, or McKinley, ever made a better impression here than Captain Danford did during this visit."

Loose clothes and downy cushions bring only a nega-tive sort of comfort to the woman who

Loose clothes and downy cushions bring only a negative sort of comfort to the woman who is suffering with some disease or derangement of the organs distinctly feminine. Some clothes and some positions make the pain and discomfort seem less. Nothing will ever completely relieve but a radical cure. The effects of such disorders are not limited to mere local discomforts but extend over the whole body. Perhaps the merves are most affected, and this in turn disturbs the digestion. After that there is not telling what form the trouble may take. With irritable nerves and poor digestion, a woman is on the straight road to the grave. Women are notoriously negligent in maters pertaining to their health. Too many of them understand too little about their own physical make-up. They do not understand their possibilities or their limitations, and they do not know enough about themselves to know when a symptom is really serious and when it is not. This naturally makes them overlook the plainest of danger signals. The start of everything is simple. The start of so-called "female complaints" may be a very slight thing indeed. It may be that in the beginning some small hygienic measures would stop the trouble. Certainly at this time, a little bit of the right medicine would stop it. When the trouble becomes worse, it is harder to cure, but still it can be cured. Dr. Pierce's Pavorite Prescription will positively cure any trouble of this character. It may be absolutely relied upon. It affords immediate and lasting relief to a woman whose natural modesty has kept her from consulting physicians.

The whole story of the "Favorite Prescription," and what it has done for thousands of women is told in Dr. Pierce's Common Sense Médical Adviser. This is a 1008 page book, profusely illustrated, written in plain language for the use of every day people, and gives in a clear and lucid way an immense amount of valuable information about health and medicine. It will be sent free on receipt of 21 one-cent stamps to cover cost of mailing only.
